RE: 2020 Ambulance Service Contracts

The Common Council, at their meeting on October 21, 2019, approved the recommendations from the Finance, Budget and Personnel Committee and the Police and Fire Commission, thereby approving the 2020 Ambulance Service Contracts with the 13 contracted municipalities at the proposed amounts.

Three factors go into the percentage increase each year, these are the Consumer Price Index for Medical Care Commodities, the Consumer Price Index for Medical Care Services and the Annual Salary Increase for EMS Employees. The CPI Indexes will be taken from the yearly increase based on the month of July. These CPI indexes may fluctuate from year to year so there will be a 4% minimum increase if the three factors together are less than 4% and a maximum increase of 9% if the three factors are above that. The increase amount is allocated amongst the communities based on their population. For this year the increase is 4.3%, with -1.0% increase of the Medical Care Commodities CPI, 3.3% increase in Medical Care Services CPI and a 2% increase in wages.

Enclosed are two original contracts for the 2020 calendar year. Please review these contracts thoroughly. There were no changes to the contract for 2020. Please place this item on your next Board meeting agenda for consideration and discussion. If your board approves the 2020 contract, sign and date **both** copies of the contract on page 2.

Please return **both** copies of the contract to the City of Marshfield Finance Department. We will then obtain the necessary City official signatures and return one of the contracts to you for your records. If the City does not have a signed contract by January 1, 2020, we will assume that you no longer desire the City of Marshfield to provide ambulance service to your municipality beginning in 2020.

In order to answer any questions or concerns, please contact Chief Owen at 715-486-2090. In addition, Chief Scott Owen has offered in the past to attend town or village board meetings to answer any questions that residents or board members may have regarding the proposed contracts. If available, they would be willing to accommodate any similar requests again this year.

Your prompt attention to this matter is appreciated.
